Key Points	<p>This was a round-up meeting of all Eco news since last meeting. Eco club did an amazing job at their Litter-picking assembly, getting children to try the equipment on and today we had Monica Pallis (local friend of Lady Bay and Green Peace speaker) to tell us all about clean air (and the science behind it!) Eco committee sorted through the pledges from the school and displayed some of them in the school newsletter.</p> <p>Then we put on our litter picking jackets and went out to find rubbish around Lady Bay. It was too hot to go to the river, but we had ice lollies at the end to cool off. Good fun for everyone. Miss Hutchinson really enjoyed being our litter-picking guest.</p>
Next Steps	<p>Think about Clean Air pledges</p> <p>Keep Lady Bay tidy over the summer</p> <p>Take tally of insects in school garden</p>
