

Lady Bay Primary School

Attainment and Progress Data 2015 – 2016

The End of Key Stage Data for 2016 for Key Stage 1 (KS1) and Key Stage 2 (KS2) represents fantastic achievements across Lady Bay School. In KS1 and KS2 teacher assessments were moderated by the Local Authority. Where national data has been released, we are above (and in many areas, significantly above) national averages for attainment in all areas/subjects. This is due to the hard work of the staff, governors, parents and the children at our school. As always, there are areas we can work on to further improve outcomes for our pupils. However, we should be extremely proud of what has been achieved!

KS2 scale Scores for SATS

100+ = Expected Standard 110+ = Working at Greater Depth (GD)

	Lady Bay	National
Reading	108.5	102.6
EGPS (Grammar)	109.5	104
Maths	109.4	103.3
Overall Average Point Score	108.9	102.7

Our average progress score for KS2 for all subjects is +2.3 which is significantly above the national average.

Average progress score for each subject: Note that a progress score of 0 was set as the National average for Reading, Maths and Writing)

- Mathematics: +2.73 (Top 10% of schools for the country)
- Reading: +2.18 (Top 10% of schools for the country)
- Writing: -0.2 (Although this is negative, a significantly lower percentage of pupils nationally attained greater depth in writing than in reading and maths and we performed well above the coasting standard of -3.5)
- EGPS (Grammar) - N/A as this is not assessed at KS1
